

Herramientas de calibración de procesos

Para garantizar un funcionamiento sin problemas y acorde con las especificaciones, y para monitorizar el desgaste normal a lo largo del tiempo, es esencial controlar los parámetros del proceso de manera constante o selectiva. AMADA WELD TECH ofrece una gama completa de herramientas de calibración, diseñadas específicamente para monitorizar la producción y los procesos con precisión.

Key Features Process Calibration Tools

- > Regular system 'check-up' for constant process parameter quality.
- > Complete set of tools offering full process control.
- > Industrial tools for consistent production quality.
- > Force ranges 100 - 250 - 500 - 1000 -2500 Newton.
- > Display readout with overload indicator.
- > Force load-cell including universal applicable contact disk.
- > Accuracy +/- 1 % of full scale.
- > Power connection 230 VAC
- > Optional RS232 - 422/485 serial output for data storage.
- > Calibration certificate included.

Specifications Herramientas de calibración de procesos

Ordering Information		
67 W0024	Force calibration tool max. 100 N	Loadcell and digital readout unit, special for lowest forces
67 W0000	Force calibration tool max. 250 N	Loadcell and digital readout unit, special for lowest forces
67 W0001	Force calibration tool max. 500 N	Loadcell and digital readout unit, suitable for SH500 and PH500 heads
67 W0002	Force calibration tool max. 1000 N	Loadcell and digital readout unit, suitable for SH500 and PH500 heads
67 W0039	Force calibration tool max. 2500 N	Loadcell and digital readout unit, suitable for SH1250 and PH1250 heads
67 W0023	Thermode pressure paper A4 format, 1 piece	Pressure paper for accurate thermode planarity check, including user manual. Force range 5-25Kg/cm2
67 W0003	Thermode pressure paper A4 format, 1 piece	Pressure paper for accurate thermode planarity check, including user manual. Force range 25-100Kg/cm2
67 W0037	Thermode pressure paper A4 format, 1 piece	Pressure paper for accurate thermode planarity check, including user manual. Force range 2-6Kg/cm2
67 W0008	Digital temperature measuring tool with 7 segment readout	Type K ultra flat thermocouple (50 microns) & digital readout unit
67 W0007	Ultra flat thermocouple for accurate temperature measurements	Ultraflat thermocouple for accurate temperature measurements
